

RUNWAY TRAVEL

tailored luxury travel

Greetings Runway Travelers!

It may only be March, but clear travel trends are already emerging — and we're ready with smart, tailored recommendations. Travelers are prioritizing authentic, immersive experiences — not just sightseeing.

Slow Travel — Fewer Stops, Deeper Experiences

Travelers are moving away from rushed itineraries and embracing longer stays in fewer places. Our clients are seeking immersive stays that let them live like locals and discover hidden gems along the way.

Sustainable & Immersive Travel — Purpose and Impact

Clients are seeking eco-conscious accommodations, community-led tours, opportunities to support local artisans, regenerative farm stays, and authentic cultural connections that leave a positive impact on both the environment and the local

Nature-Driven — Reconnecting With the Natural World

Nature remains a powerful draw, with travelers seeking space to breathe, restorative landscapes, and grounding experiences — from mountains and forests to quiet beaches and remote islands — along with outdoor adventure, eco-retreats, and serene settings away from the crowds.

We're so grateful for your continued trust and for being such a valued part of the Runway Travel family. As we celebrate our 5-year anniversary, we're especially thankful for the relationships and journeys that have made it all possible. We can't wait to plan the next chapter of adventures together. ✈️

With gratitude,

Jessica, Jennifer, Mariah, and Samantha

Partner Spotlight: Intrepid

Adventure Meets Luxury

We've partnered with **Intrepid Travel**, a global leader in sustainable, experience-driven travel. Known for taking travelers beyond the typical tourist path, Intrepid designs small-group journeys led by local experts that prioritize authentic cultural connection, hands-on experiences, and meaningful access that larger tours simply can't offer.

- **Small Groups, Big Experiences** – With an average of 10–12 travelers, these journeys feel personal, flexible, and engaging.

- **Locally Led** – Knowledgeable guides who live in the region bring depth, perspective, and insider access to every destination.
- **Purpose-Driven Travel** – As a certified B Corp, Intrepid is committed to sustainability, community impact, and responsible exploration.
- **Wide Range of Styles** – From active adventures and wildlife encounters to cultural deep dives and premium departures.

When you book an Intrepid journey through us, you get the best of both worlds. You'll enjoy the iconic, deep-dive itineraries Intrepid is famous for, combined with the **personalized service, flight coordination, and 24/7 human support** you've come to expect from us.

You're with a winner...but you knew that!

Congrats to Jessica on being named to Travel + Leisure's A-List for the 14th consecutive year!

Why does this matter for your next trip? In a world of automated booking engines and generic "top 10" lists, this recognition is a testament to Jessica's deep-rooted expertise, her global connections, and her unwavering commitment to her clients.

You know who wasn't on the list? Google, AI and booking engines. 😊

Giving Back

We believe that while travel enriches lives, it also carries a responsibility. By donating to organizations chosen by our team, we're able to extend the spirit of exploration and connection beyond our clients' journeys and into communities that need it most. In 2025 we supported:

Kiva – Microfinance nonprofit expanding financial access worldwide.

Addis Faith Foundation – Supports children fighting pediatric cancer.

Feeding America – U.S. hunger relief network addressing food insecurity.

Casey Cares Foundation – Programs for critically ill children and their families.

The Ocean Cleanup – Develops tech to remove ocean plastic and prevent new waste.

Peggy Adams Animal Rescue League – Shelter and care for lost and homeless animals.

Multiple Myeloma Research Foundation (MMRF) – Funds research for blood cancer treatments.

And don't forget!
